

Productos de calidad. Excelencia en el servicio.

2-Post Open Frame Rack *DNRRLDK Serie*

Load rated to 800 lbs (363 kg)

Note: This product line has been discontinued as a stocked series on October 31, 2025.

Information is for reference only. It has been replaced with **RB-2PS Series**.

For alternative solution assistance, **contact Hammond here** or call: USA (716) 630-7030, Canada and International (519) 822-2960.

When strength and reliability are the highest priority, be sure to choose the Data/Networking Robust Rack (DNRR) from Hammond Manufacturing. Designed to support your rack-mount infrastructure, regardless of the application, the DNRR includes premium features not found on most other racks.

Features

- Constructed in 12-gauge steel.
- Our automated tapping process provides EIA-compliant 10-32 tapped rails **on the front** to ensure ease of mounting rack-mount equipment.
 - Includes marked rack unit dividers to aid in equipment mounting.
 - Don't forget to order your **Mounting Hardware**.
- To keep the rack upright when it is loaded with equipment, we've included a large base for freestanding support. Optionally, the base can be caster mounted when you need to move your rack.
- To keep it looking great, the DNRR undergoes a three-stage paint process which includes a coat of premium smooth black powder paint. Complies with the Greenguard guidelines for indoor air quality.
- Self-squaring design ships un-assembled (some assembly required).
- 800 lbs (363 kg) **static load rating**.
- TAA-compliant for federal GSA schedule purchases within the USA.
- RoHS Compliant.
- Manufactured in North America within an ISO 9001:2015 certified facility.
