INDUSTRIAL & COMMERCIAL ENCLOSURES
PRODUCT OVERVIEW

Mild Steel | Stainless Steel | Aluminum | Non-Metallic Enclosures
Disconnect Enclosures | Modular Freestanding Enclosures
Operator Interface Enclosures | Wireway & Trough
Commercial Enclosures | Climate Control | Accessories

hammondmfg.com
Our difference is industry leading service you can trust.

We know there are many enclosure supplier alternatives, but it’s our service that makes Hammond different.

We’ve committed our people and resources to ensuring you get exactly what you need, when you need it.

What you can expect:

• 95% Fill Rate From Stock.
• 10-Day Back Order Recovery.
• Superior Delivery Service.
• Helpful and Knowledgeable Inside Sales Team.

What Service Excellence means for you:

In today’s competitive business climate, the Hammond focus on service helps you where it counts most – on the bottom line.

• Superior fill rates means less inventory for you
• Quick, reliable delivery means fewer expedites and no costly project delays
• Efficient phone support means less time waiting, and more time doing what you do best
INDUSTRIAL ENCLOSURES

Our line of industrial enclosures covers a broad spectrum of design needs - clamped covers, ¼ turn latch covers, window doors, dual access, panel mounting, DIN rail mounting, 19" rack mounting, etc.

From small junction boxes to 4 door freestanding enclosures, we have your size. Most designs are also available in both indoor (NEMA 12) and outdoor (NEMA 4) versions.

PRODUCT HIGHLIGHTS

• NEMA 12 and NEMA 4 mild steel

• Junction Boxes/JIC Enclosures - over 30 sizes - traditional clamped covers, screw covers.

• Wallmounts - over 110 sizes - traditional clamped covers, modern ¼ turn doors, double doors, sloped top enclosures.

• Floormount - over 20 sizes - double doors with handles, double doors clamped.

• Freestanding - over 30 sizes - 1 to 4 door versions, single and dual access.

The Eclipse Junior Series features a crisp, modern design.

The EJ provides an efficient quarter turn latch system; an easy-ground, galvanized back panel and an FTC style lip, for superior protection against flowing liquids.

The EJ is conveniently offered with a combined Type 12 and 4 rating.

CORROSION RESISTANT ENCLOSURES

When environments get harsh, enclosures must be even more durable. The Hammond line of NEMA 4X enclosures features numerous construction materials to suit varying corrosion resistance needs. Materials used include stainless steel, aluminum, polycarbonate and fiberglass reinforced polyester.

PRODUCT HIGHLIGHTS

- **NEMA 4X**
- **304 Stainless Steel** - over 300 SKU’s - junction boxes, wallmounts, floormount & freestanding
- **316L Stainless Steel** - over 200 SKU’s - junction boxes, wallmounts and freestanding
- **Non-metallic (Polycarbonate & FRP)** - over 550 SKU’s - Junction Box/instrument cases, JIC boxes, wallmounts
- **Aluminum** - over 30 SKU’s - junction boxes, wallmounts
- **Aluminum Die cast** - over 70 SKU’s - Junction box/instrument cases
- **Hygienic** - over 30 SKU’s - junction boxes, push button and wallmounts

Why Hygienic Enclosures?

High Pressure Washing demands look for IP69/IP69K protection. Water and aggressive cleaning agents need Type 4X stainless steel corrosion resistance.

*Easy to Clean*

DISCONNECT ENCLOSURES

Disconnect enclosures feature cutouts for compatibility with flange mount disconnect switches and circuit breaker operators. Our units are compatible with ABB, Allen-Bradley, C-H Westinghouse, GE, ITE and Square D.

PRODUCT HIGHLIGHTS

• NEMA 12, NEMA 4 and NEMA 4X
• Wallmount - Universal flange cutout compatible with most disconnect manufacturers
• Floormount - standard and center post cutout in multi vendor versions
• Freestanding - multi-door heavy duty and modular systems in multi vendor versions

COMMERCIAL ENCLOSURES

Where protection requirements are less severe, a commercial grade enclosure may be suitable. NEMA 1 are designed for indoor use and protect against incidental contact and a degree of falling dirt. Our full NEMA 3R line is ideal for many outdoor applications.

PRODUCT HIGHLIGHTS

• NEMA 1 Contractor - boxes (painted and galvanized), splitters, meter cabinets
• NEMA 1 Panel Enclosures - over 70 SKU’s - wallmount and surface mount designs
• NEMA 3R Junction Boxes – over 50 SKU’s
• NEMA 3R Panel Enclosures – over 40 SKU’s
OPERATOR INTERFACE ENCLOSURES
This product group includes numerous enclosures to house components specifically designed for operator interface. Flexible options permit the design of an ergonomic workstation.

PRODUCT HIGHLIGHTS
- **Consoles** - NEMA 12, 4 and 4X - sloped consoles, modular systems, data terminal stations
- **Suspension Systems** - enclosures, light to heavy duty swing arms
- **Pushbutton Enclosures** – mild steel, stainless steel, polycarbonate and fiberglass reinforced polyester for both standard and 22mm pushbuttons

The TaraPlus suspension system will accommodate enclosures and equipment up to 110 lbs. With numerous fixed, rotating and tilting system components, the ideal configuration can be created for your application.

WIREWAY & TROUGH
To protect cabling projects like machine building and general plant wiring, Hammond offers a versatile system of sections, elbows, tee fittings and other components.

PRODUCT HIGHLIGHTS
- NEMA 1, 3R, 12 and 4X
- **Lay In Wireway** - NEMA 1 and NEMA 12 Hinged and Screw Cover
- **Pull Through Wireway** - Hinged Cover NEMA 12 and 4X
- **Wiring Trough** - NEMA 3R, 12, 4 and 4X

MODULAR FREESTANDING ENCLOSURES

The flexibility of our modular freestanding enclosure system permits stand-alone use or multiple applications to be combined into one continuously joined system. Hammond systems come preconfigured for easy ordering and without costly assembly.

PRODUCT HIGHLIGHTS

- NEMA 12
- **HME Series** - single door units with 3 heights, 4 widths and 4 depths
- **HMET Series** - double door unit
- **HFMD Series** - flange mount disconnect version
- **HDME Series** - ideal for harsh environments and features a sealed cabinet, providing outstanding protection against moisture, dust and air contaminants

HME Means Value

The Hammond approach to modular freestanding enclosures is value. A fully assembled unit saves labor costs. We’ve also included value added features at no extra charge - locking handle, integral plinth, and base cover

CLIMATE CONTROL

As a key enclosure accessory, Hammond offers an extensive climate control package. An enclosure often houses heat-generating equipment, when left alone, heat build up can negatively affect an electrical/electronic system’s overall performance and perhaps cause failure. Also, some enclosures are exposed to extreme ambient temperatures, both cold and hot, which requires climate control.

PRODUCT HIGHLIGHTS

- **Cooling** - air conditioners (NEMA 12, 3R and 4X), heat exchangers, fans, blowers and filter grills
- **Heating** - convection and forced air heaters
- **Controls and Ventilation** – thermostats, humidistats, breather kits

ENCLOSURE ACCESSORIES

To ensure a complete product solution, a number of accessory alternatives are offered.

PRODUCT HIGHLIGHTS

- **Hardware** - clamps, handles, latches and screws
- **Hole plugs** - mild steel, stainless steel and polycarbonate
- **Equipment Mounting** - inner panels, swing panels, swing frames, etc.
- **Outlet Strips** - heavy duty industrial grade, 19” rack mount, vertical strips
- **Other** - signal lights, cabinet lighting, window kits, casters, paint, etc.
MODIFICATION OPTIONS

...When a standard enclosure isn’t exactly what you need, WE CAN HELP!

Having enclosures modified by Hammond and delivered to your site, allows your component installation and wiring team to immediately get to work.

• No time wasted laying out each hole
• No risk of making a costly mistake
• Perfectly shaped cutouts every time
• and all at a price that might surprise you!

Here’s a list of just some of the common modifications we can do for you:

- Special Paint Colors
- Silk Screening
- Non-Standard Sizes
- Alternate Material Construction
- Cutouts
- Punched Holes
- Louvers
- Tapped Holes
- Pre-Installed Accessories
- Alternate Handles
- Add, Move or Delete Studs
- Hinge Changes
- and more!...

Saves Time
No Costly Mistakes
Perfectly Shaped Cutouts & Holes
ALL FOR A PRICE THAT MIGHT SURPRISE YOU!

RACKS & CABINETS

Serving telecom/datacom and electronic applications, Hammond offers a wide variety of rack mount products and accessories built to EIA standards.

PRODUCT HIGHLIGHTS

• Pre-configured cabinets - networking, general purpose
• Contempra Series cabinets - commercial and Type 12 versions, over 40 sizes, welded frame, variety of door, top and side options, several stock colors
• REFK Series racks - economical knockdown unit, over 40 sizes, variety of door options, several stock colors
• Relay racks - aluminum and welded steel
• Table top - light and heavy duty cabinets, relay rack
• Wallmount cabinets - 3 piece swing out and open frame
• Cable management - horizontal and vertical
• Cooling products - fan tops, fan trays, blowers
• Rack mount accessories - blank and brushed panels, shelves, drawers, doors, handles, grounding and bonding, hardware, etc.

ELECTRONIC PRODUCTS

Small Electronics Cases

• Plastic - general purpose, miniature, T cases, heavy duty, hand held, low profile, consoles, instrument cases, potting boxes
• Die cast Aluminum – general purpose, light duty watertight, heavy duty watertight, P.C. card guide
• Metal - rack mountable, instrument cases, utility, chassis, sloped console
• Excellent modification capabilities

Outlet Strips

• Metal outlet strips – Industrial grade, hospital grade, 15 or 20 Amp
• Rack mount power panels – front receptacles, rear receptacles
• Vertical outlet strips – multiple lengths, 15 or 20 amp
• Surge suppressors - 200-2000 Joules
• Other - international receptacles, plastic power bars, custom designs
• Custom designs

Electronic Transformers

• Power transformers
• Chokes and Reactors
• Audio Transformers
• Pulse Transformers
• Line Transformers
• Class 2 Energy Limiting Transformers

Extensive stock, and a rapid assembly, means you get your products fast.

Our comprehensive, user friendly website, details our extensive offering - providing an exceptional tool to gather product information. Our website is mobile friendly and kept up to date with our newest products, to ensure you have the most accurate information. Be sure to visit hammondmb.com regularly as it's being continually enhanced to add more useful functionality, and always features our newest product releases.

Broad Product Selection

...Product solutions for virtually any application, at your fingertips

- Stock Industrial Type 12, 4, and 4X enclosures
- UL and CSA product approvals
- Various construction materials - painted mild steel, 304 stainless steel, 316 stainless steel, aluminum, galvanized steel, polycarbonate and fiberglass reinforced polyester
- Sizes ranging from the smallest junction box to the largest multi-door freestanding enclosure

Our Website Features Include:

- CAD drawings available in DXF/STEP/PDF Formats
- Accessories Links
- Similar product and materials suggestions
- Alternate material suggestions
- Product Bulletins
- Advance search for enclosures by size & type
- Multi-competitor cross reference
- Climate Control Sizing Software
- Complete listing of North American distributors
- Online literature downloads and request forms
- Current price lists in Excel format
- Real time in-stock availability and pricing through our Partner Portal (authorized distributors)
- Literature downloads
