GUELPH, ONTARIO – April 28, 2014

To all employees and shareholders:

Sales dollars were up as a result of a weaker Canadian dollar despite flat product sales.

Operating income benefited from the weaker dollar as well as our continuous improvement through employee involvement.

Hammond Manufacturing Company Limited manufactures a broad range of products for the electronic and electrical products industry, including metallic and non-metallic enclosures, racks, small cases, outlet strips, surge suppressors and electronic transformers.
