GUELPH, ONTARIO – August 5, 2016

To all employees and shareholders:

The start-up expenses and disruption to our work flows as we moved to our new rack factory have negatively impacted the profitability for the second quarter of 2016.

Hammond Manufacturing Company Limited manufactures a broad range of products for the electronic and electrical products industry, including metallic and non-metallic enclosures, racks, small cases, outlet strips, surge suppressors and electronic transformers.
